

Addendum 1 (2018)

to the

CO-OPERATION AGREEMENT

between the International Electrotechnical Commission (IEC) and

South Asian Regional Standards Organisation (SARSO)

(dated 2016)

“In case of adoption of IEC International Standards as SAARC Standards at regional level, the IEC shall provide the SARSO Secretariat access of ¹IEC International Standards to facilitate the discussion, technical review and, ultimately, the adoption of IEC International Standards as SAARC Standards by the members of SARSO, where appropriate. Such regional adoptions can only be published as an endorsement notice. SARSO as well as SARSO members not member of IEC including IEC Affiliates cannot sell IEC International Standards. However, SARSO members which are members of IEC can do so in accordance to IEC's copyright policy.”

¹ subject to a cap of 200 IEC International Standards
