1 Clause 15.4.4

Replace clause 15.4.4 with the following:

15.4.4 If a type that appears in a "ContentsConstraint", ~~or~~ in a "TypeConstraint", or in a "TableConstraint" is to be encoded by EXTENDED-XER, then the final encoding instructions (as determined by the above rules) are used in determining the encoding of that type. If a type appears in any other ASN.1 constraint, then all associated encoding instructions are discarded.
