IEC code of conduct for delegates and experts involved in standards development

Dear Sir/Madam,

We are pleased to inform you that the IEC code of conduct for delegates and experts involved in standards development has been published.

This document provides brief guidelines on a number of issues which delegates and experts may be confronted with as participants in the IEC standards process.

It provides information additional to that given in the ISO/IEC Directives and reference should be made to these for details.

The IEC code of conduct for delegates and experts is available on the IEC website at: iec.ch/conduct

Furthermore, a flyer, presenting the code of conduct has been prepared and will be distributed by technical officers prior to each TC/SC meeting. Extra copies of the flyer can be requested by contacting the technical officer responsible for your TC/SC.

Yours faithfully,

F.W.P. Vreeswijk
General Secretary & CEO

JRS
